Equal Opportunities Policy

Nottingham Language Academy is committed to providing an environment in which all students and staff are treated fairly, with respect and dignity. We aim to promote opportunities and access for students and staff who have a variety of ambitions and are from different backgrounds and circumstances. We acknowledge the unique contribution that all individuals can make and it is the responsibility of Nottingham Language Academy to ensure that no one is treated less favourably in terms of race, gender, age, religion, politics, sexual orientation, disability or any other inappropriate or irrelevant criteria or distinction.
